

Please know how thankful I am, as a resident in a community in Indiana, to have K-LOVE as a radio station available in our area. This is the only station I listen to, and it is all I've listened to for the last several years since it came to our area. There are so many of us here who listen daily to the encouragement and excellent values broadcast from this station. There is no other programming available in this area that gives us the music and ministry we enjoy and want to listen to. If K-LOVE were to be replaced by another station, maybe an LPFM station, without the same family and spiritual values, our community would suffer considerably. K-LOVE is

THE Christian station, the one we like, the one we listen to and the one we want to keep. I speak for a large group of Christian people in this area. I also listen to K-LOVE when I travel to Ohio. It is also available on a station out of Cincinnati as well as Dayton. Two cities I travel through frequently. As people become aware of K-LOVE and begin to listen, they find a sense of peace and a little escape from the bombardment of negative music and media that is everywhere. Please know that K-LOVE is very important to me and many others right here. Please don't let them be forced off the air when so many of us depend on it.

Sincerely,  
Anita Harrigan
